1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the human brain. It is shown that the brain is a complex system of interconnected parts, each of which has its own function. The author discusses the role of the different parts of the brain in the process of thinking and memory.

2. The second part of the paper is devoted to a discussion of the methods of research in the field of the structure of the human brain. It is shown that there are a number of different methods, each of which has its own advantages and disadvantages. The author discusses the use of these methods in the study of the structure of the human brain.

3. The third part of the paper is devoted to a discussion of the results of research in the field of the structure of the human brain. It is shown that there are a number of different results, each of which has its own significance. The author discusses the use of these results in the study of the structure of the human brain.

4. The fourth part of the paper is devoted to a discussion of the conclusions of the research in the field of the structure of the human brain. It is shown that there are a number of different conclusions, each of which has its own significance. The author discusses the use of these conclusions in the study of the structure of the human brain.

MINUTES OF MEETINGS

OF THE

Board of Commissioners

OCTOBER, 1921

NEWARK, N. J.

October 4, 1921.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Absent: Commissioner Raymond.

The minutes of meeting of September 27th, 1921, were read and approved.

Mayor Archibald announced the Board was prepared to hear any citizens on the report of the Commissioners for Local Improvements, assessing benefits for the paving of New Jersey Railroad Avenue east of the Pennsylvania Railroad from Vanderpool Street to Stanton Street.

Commissioner Gillen moved that the report be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Mayor Archibald announced the Board was prepared to hear any citizens on the report of the Commissioners for Local Improvements, assessing benefits for the paving of Providence Street from Fleming Avenue to Passaic Avenue.

Commissioner Gillen moved that the report be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Mayor Archibald announced the Board was prepared to hear any citizen on the report of the Commissioners For Local Improvements, assessing benefits for the paving of Lyons Avenue from the Newark-Irvington Line to the westerly side of Clinton Place.

Mr. C. W. Littlefield, 12 Leslie Street, Newark: — As a property

owner on Lyons Avenue, I object to the assessment for the paving of this street, as it is not equitable to us. It is a public improvement and not one that improves the adjoining property. I would request that the matter be laid over for two weeks.

Commissioner Gillen moved that the report be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Gillen moved that an ordinance entitled "An ordinance to provide for the opening of a new street to be called Carnegie Avenue from Haynes Avenue to McClellan Street," be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Mr. Harry A. Freeman, 44 Tiffany Boulevard, representing Mrs. Mary W. Freeman, objected to the repaving of Tiffany Boulevard on the ground that it was unnecessary. Mr. Freeman also presented the following communication from Heller Bros. Co., protesting against the repaving of Tiffany Boulevard:

HELLER BROTHERS COMPANY,
Newark, N. J., U. S. A.

October 4, 1921.

Board of Commissioners,
Newark, N. J.
Gentlemen:—

As one of the largest property owners facing Tiffany Boulevard, we wish to protest against the repaving

of same, with either Napped Granite Block, or Napped Trap Block Pavement, as the street is only a blind alley with very little traffic.

We are not opposed to improving the thoroughfare but we think that by merely resurfacing the same it will answer for a great many years to come.

Your truly,

HELLER BROTHERS COMPANY,
A. G. Heller,
Vice-President.

Commissioner Gillen moved that the communication be referred to the Director of Streets and Public Improvements and that the ordinance be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Gillen moved that an ordinance entitled "An ordinance to provide for the repaving of Parker Street from Elwood Avenue to Verona Avenue with asphalt resurfacing (1½" binder—2" top surface) on the old telford foundation properly scarified," be laid over one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Mr. Max H. Herbstman, 350 Ridgewood Avenue, representing Mr. William Herbstman and several other property owners on Ridgewood Avenue south of Watson Avenue appeared and objected to the opening of Ridgewood

Avenue on the ground that the proposed opening would be of no benefit to property owners south of Watson Avenue.

Mr. Van Duyne stated that the opening of Ridgewood Avenue was considered necessary and that the two lots for this purpose could be acquired at little expense at this time and that if the proposed opening was delayed it would be more expensive later on.

Commissioner Gillen moved that the ordinance providing for the opening of Ridgewood Avenue be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An ordinance to provide for the paving of the intersection of Clinton Avenue and Elizabeth Avenue as opened and widened by ordinance passed July 22, 1920, with asphalt pavement (1½" binder—2" top) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, DO ORDAIN:

Section 1. That the intersection of Clinton Avenue and Elizabeth Avenue as opened and widened by ordinance on July 22, 1920, shall be paved with asphalt pavement (1½" binder—2" top) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said intersection including

the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act concerning municipalities" approved March 27th, 1917 (P. L. 1917—319) and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances incon-

...tent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Brennan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage on October 11th.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Mr. W. R. Willgus, representing the Balbach Smelting & Refining Co., appeared before the Board and stated that Mr. Rankin had looked over the plan which he suggested two weeks ago for the digging of a ditch to carry off the storm water in Wilson Avenue instead of a sewer and that Mr. Rankin thought the ditch could be carried out at a cost of about \$1,200.

Commissioner Brennan moved that the ordinance for the construction of a storm water sewer in Wilson Avenue be laid over two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Brennan moved that an ordinance entitled "An Ordinance prohibiting loitering, loafing, idling or lounging in the streets, parks and public places of the City of Newark, and providing penalties for violation thereof," be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Brennan moved that the title of "An Ordinance to provide for the construction of the Thomas Street and Adams Street sewer," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

The clerk then read the title of the ordinance as follows:

An Ordinance to provide for the construction of the Thomas Street and Adams Street sewer.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Dr. William G. Hanrahan, 36-A Fulton Street, Newark, appeared before the Board and stated he desired to withdraw the resolution he presented last week with reference to United States Government War Bonds.

Commissioner Breidenbach stated he had sent a communication to the City Clerk in reference to the matter and that he had also taken the matter up with the authorities at Washington.

The clerk then read the communication:

DEPARTMENT OF REVENUE AND
FINANCE,
City Hall,
Newark, N. J.

October 3, 1921.

To the Board of City Commissioners,
of the City of Newark.

Gentlemen:

Upon looking over the request of the Federation of Improvement Associations, Inc., I find that on Oct. 31,

1920, there was outstanding \$21,435,-370,600.00 in Liberty and Victory Bonds, and that the Government has provided for a 5% Redemption Fund and have matured \$1,764,896,150.00 of these bonds up to June 30, 1920 when purchase ceased.

I have taken up this matter, but as I have received no reply to my inquiry I will submit a final report in the near future.

Very truly yours,

F. C. Breidenbach,
Director of Revenue and Finance.

Ordered filed.

Commissioner Breidenbach moved that the request of Dr. Hanrahan for permission to withdraw the resolution be granted.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Mayor Archibald:—I have a communication from the Armistice Day Committee asking for an appropriation of \$2,000 for the Armistice Day Celebration.

The clerk then read the communication:

THE ARMISTICE DAY COMMITTEE
Newark, N. J., October 3, 1921.

From: The Armistice Day Committee.

To: Hon. Alexander Archibald, Mayor,
City of Newark.

Subject: Budget of expenses, Armistice Day celebration.

Hon. William J. Egan,
City Clerk,
Newark, N. J.

Hon. Sir:—

I beg to apply for your valued assistance in the following matter:

I have been instructed by my government to compile a comprehensive report on the facilities of the Port of Newark and of the expenses which Norwegian ships trading here are likely to incur.

I should be greatly obliged if you would kindly give me at your earliest

convenience full particulars with regard to the above mentioned subject as far as the port of Newark is concerned. It would be of especial interest to know:

I: All official dues, such as tonnage dues, customs (clearance, etc.) pilotage, immigration, health, fumigation port wardens, fresh water supply rates, tow boat hire and other boat hire.

II: Port facilities: viz.:

1.—The number and length of berths available and their respective draughts.

2.—The respective number of closed and open wharves.

3.—The number and position of berths privately owned and the number and positions of berths municipally owned.

4.—The scale of wharfage rates levied at open and closed in piers respectively (with definition of the meaning of the word "wharfage rate" in your port) with information whether the scale is obligatory also on privately owned piers.

5.—If not, what are the average rates levied on private piers or piers municipally owned but operated by private lessees.

6.—Is there ordinarily any difficulty in obtaining a berth here for a ship arriving without having previously made arrangements to this effect.

III: Loading and unloading expenses for general cargo as well as

for the staple articles exported and imported to the Port of Newark.

IV: Prices of bunker coal and oil (with explanation as to facilities for bunkering and approximately what time it requires), prices and facilities for obtaining other more important ships' stores and provisions.

V: Dock repairing facilities, number and size of docks, cost of docking.

VI: Hospital facilities, indicating whether sufficient hospital accommodations and approximate cost per day and usual doctors' fee.

VII: The usual agent's fee for handling a ship calling at the port of Newark.

VIII: The usual shipping master's fee for providing men.

IX: The usual charterer's fee, provided any chartering is done at the Port of Newark.

X: Facilities for maritime insurance at the Port of Newark.

Kindly answer the above questions seriatim as far as they apply to the Port of Newark. It would be of interest to have your reply accompanied by actual pro forma bills and accounts whenever possible with your explanation added whenever necessary.

For prices of ships stores and provisions kindly also procure a general price list from a reliable firm of ship chandlers.

Finally I would ask that you kindly send me lists of reliable shipping agents firms, ship brokers, ship chandlers and shipping matters.

I am aware that the assistance I request will entail a considerable amount of work, but I can assure you that your kindness will be highly appreciated.

If for some reasons there are any questions that you are unable to answer, I should appreciate it if you would be kind enough to assist me as to where I could obtain the proper information.

Thanking you in anticipation, and hoping that I sometime will have the opportunity to reciprocate, I have the honor to be, Sir,

Your most obedient servant,

John Randolph Bull,
Vice-Consul.

Ordered referred to the Director of the Department of Streets and Public Improvements.

NEWARK, N. J.

October 11, 1921.

A regular meeting of the Board of Commissioners of the City of New-

ark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Breidenbach, Brennan, Raymond, Mayor Archibald.

Absent: Commissioner Gillen.

The minutes of meeting of October 4th were read and approved.

The following reports of the Commissioners of Assessments For Local Improvements assessing benefits for the following street improvements were received and ordered filed:

Paving of Huntington Terrace from Hawthorne Avenue to Renner Avenue

Grading, curbing, flagging and paving of Wolcott Terrace, from Hawthorne Avenue to Clinton Place;

Grading, curbing, flagging and paving of Bergen Street, from Lyons Avenue to Weequahic Avenue;

Commissioner Raymond offered the following resolutions

RESOLVED, That the report of the Commissioners for Local Improvements of the City of Newark assessing benefits for the repaving of South Orange Avenue from South 20th Street to the Newark-South Orange boundary line, which said report is hereto annexed, be and the same is hereby in all things adopted, ratified and confirmed and the City Clerk is hereby authorized and directed to file a duplicate of said report in the office of the Comptroller of the City of Newark upon its confirmation for collection.

Thomas L. Raymond,
A. Archibald,
F. C. Breidenbach,
W. J. Brennan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Raymond, Mayor Archibald.

Mr. Vittoria Tortoriello, 566 South Orange Avenue, appeared before the Board and stated he had not yet received a bill for the repaving of South Orange Avenue.

Commissioner Raymond stated that the bills had not yet been prepared and he was referred to the Comptroller's Office for same.

Mr. F. J. Barnes, representing the New York and New Jersey Lubricant Company, appeared before the Board and objected to the amount of the assessment for the grading of Delancey Street, stating he felt the City should assume 90% of the cost, since the street is used almost exclusively by the City.

Commissioner Raymond stated in view of the fact that the City was assuming 84% of the assessment, that the assessment of \$900 for 500 feet of frontage did not appear excessive to him.

Commissioner Raymond moved the adoption of the report:

RESOLVED, That the report of the Commissioners For Local Improvements of The City of Newark assessing benefits for the grading of Delancey Street (the south side) from Avenue I to Avenue J, which said report is hereto annexed, be and the

same is hereby in all things adopted, ratified and confirmed and the City Clerk is hereby authorized and directed to file a duplicate of said report in the Office of the Comptroller of the City of Newark upon its confirmation for collection.

Thomas L. Raymond,
A. Archibald,
F. C. Breidenbach,
W. J. Brennan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Raymond, Mayor Archibald.

Mr. A. G. Schmidt, 186 Elizabeth Avenue, and Mr. M. J. Kneurer, 130 Van Buren Street, appeared before the Board in reference to the assessment for the repaving of Elizabeth Avenue, and stated that Elizabeth Avenue was in a worse condition today than it was before it was resurfaced, especially from Runyon Street to the railroad on the west side of the street.

Commissioner Raymond stated that the pavement was guaranteed for five years and that the contractor would place it in proper condition, and that if this was not done at the end of two weeks that they again bring the matter to the attention of the Board.

Commissioner Raymond moved that the report of the Commissioners of Local Assessments, assessing benefits for the resurfacing of Elizabeth Avenue east of the street railway tracks from the northerly curb of Bigelow Street to the West Newark Branch of the Pennsylvania Railroad and west of the street railway tracks

from the northerly curb of Runyon Street to West Newark Branch of the Pennsylvania Railroad, be laid over for two weeks.

Mr. Daniel N. Hand, 30 Mt. Pleasant Avenue, presented the following petition:

September 26th, 1921.

To The Commissioners of the
City of Newark.

Sirs:—

The recent diversion of truck traffic from North Broad Street, namely from Belleville Avenue to Harvey Street, has resulted in very heavy truck traffic on Mt. Pleasant Avenue going both North and South, and the result is that such traffic is becoming very much of a nuisance due not only to the noise they make but what is perhaps more serious is the vibrations of the houses which will result in cracked walls and ceilings and consequent damages to our properties.

We, the following property owners respectfully ask, for the reasons given above, that all trucks be diverted from Mt. Pleasant Avenue to either Belleville Avenue or Ogden Street for there is no doubt that unless we receive this relief it will only be a question of a short time when our properties will need repair due to the damage done by the vibration of our houses, and the noise of the trucks is no insignificant part of the nuisance.

(Signed by 61 property owners.)

Commissioner Brennan moved that the matter be referred to the Director of Public Safety.

The following communication was received and read:

CONVENTION COMMITTEE
OF THE
AMERICAN SOCIETY FOR
MUNICIPAL IMPROVEMENTS

Baltimore, Md., Oct. 8, 1921.

Hon. A. Archibald, Mayor,
Newark, N. J.

Dear Sir:—

The Mayor of Baltimore, the Hon. William F. Broenig, has invited you to come to Baltimore and discuss with him the problems he and you, as executives of municipalities have in common. He has planned his conference for the week of October 24-28th, when the 27th Annual Convention of the American Society for Municipal Improvements is to be held in this City.

The Baltimore Convention Committee desires to supplement Mayor Broenig's invitation, and to express the pleasure of the Society in having you to come to Baltimore and attend the meetings, discussions and entertainments provided for the Society's delegates.

The American Society for Municipal Improvements is composed of Mayors, City Managers, Municipal Engineers, Market and Harbor Masters, and the manufacturers of materials of paving and construction. The published "Proceedings" contain the latest word on municipal problems, together with accepted specifications on all classes of paving and concrete work.

We feel sure that it will amply repay you to come to Baltimore to enter the affairs of our Convention, and at the same time be our Mayor's guest for his conference. The advance program we are enclosing is to be corrected in that the events listed are to be changed to conform with the program as arranged by the Mayor. This date has not been set, as there is a likelihood of President Harding attending the session to speak on the important subject of "unemployment," and the final date is being left him.

May we have word that we can expect you? We would appreciate knowing the date you will arrive.

Respectfully yours,

BALTIMORE CONVENTION
COMMITTEE.

Ezra B. Whitman, Chairman.

The roll being called, the resolution was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Raymond, Mayor Archibald.

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto, and amendments thereof, to order and cause the repaving of Clay Street and Carlisle Place from Broad Street to Ogden Street and from Ogden Street to the Passaic River on both sides of the street railway tracks with the exception of one foot on each side of said tracks with new oblong granite block pavement on a built up concrete foundation between Broad Street and Ogden Street and on a new six (6) inch concrete foundation between Ogden Street and the Passaic River. The old paving blocks to be carted to the city yard and al-

lowance for same to be made by the Assessment Commissioners.

The repaving of Bridge Street from Broad Street to the Passaic River on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks with new oblong granite block pavement on a new six (6) inch concrete foundation. The old paving blocks to be carted to the City Yard and allowance for same to be made by the Assessment Commissioners.

The repaving of Ogden Street from Fulton Street to Bridge Street with new oblong granite block pavement on a new six (6) inch concrete foundation on both sides of the street railway tracks with the exception of one foot on each side of said tracks. The old paving blocks to be carted to the City Yard and allowance for same to be made by the Assessment Commissioners.

With the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said streets, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the pro-

posed improved portion of said street, after the making of said improvement the owner of any and all lands on the lines of said proposed improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of an ordinance providing for said improvements. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or who may be interested therein will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on November 1st, 1921, at 11 o'clock A. M., at which time and place ordinances for the making of such improvements will be considered.

The roll being called, the resolution was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Mr. W. R. Willgus, representing the Balbach Smelting and Refining Com-

pany, appeared before the Board in connection with the proposed sewer in Wilson Avenue, and stated it was estimated the cost of the sewer would be \$20,000, and that it was found feasible by Mr. Rankin to construct a temporary draining ditch as suggested by him at a cost of \$1,200, and requested that consideration be given to this plan as a temporary expedient.

Commissioner Raymond: — As a temporary expedient, and in view of the situation in that locality, I think it is better to use temporary expedients where possible instead of involving people in that locality to large assessments.

Commissioner Raymond moved that the ordaining clause of an ordinance entitled "An Ordinance to provide for the construction of a storm water sewer in Wilson Avenue from the easterly line of the Elizabeth Branch of the Central Railroad of New Jersey to a point about 900 feet east of Rutherford Street together with an open ditch across the property of the Passaic Valley Sewerage Commission from Wilson Avenue for a distance of about 850 feet southerly," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Mr. Louis B. Hasbrouck, 256 Broadway, New York, representing Mrs. Sarah E. Cook and other property owners appeared and objected to the proposed paving of Tiffany Boulevard,

stating that practically all of the property owners were opposed to it

Commissioner Raymond moved that the ordaining clause of an ordinance entitled "An Ordinance to provide for the paving of Tiffany Boulevard from Mt. Prospect Avenue to Highland Avenue with either napped granite block or napped trap block pavement on a six (6) inch concrete foundation," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Commissioner Raymond offered the following ordinance which was read by the clerk:

An ordinance to provide for the grading, curbing, flagging and paving with asphalt pavement (2" top—1½" binder) on a six (6) inch concrete foundation of Crittendon Street from Rowland Street to Bloomfield Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Crittendon Street from Rowland Street to Bloomfield Avenue shall be graded, curbed, flagged and paved with asphalt pavement (2" top—1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be necessary or expedient, or the grade of which

may be affected on account of the laying of the pavement, or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance, having been read once, Commissioner Raymond moved

that it be ordered to a second reading.

Commissioner Raymond moved that former alderman Littlefield be given the privilege of the floor on the Lyons Avenue assessment.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Mr. Charles W. Littlefield, 12 Leslie Street: Mr. Mayor and gentlemen, I was not here in time to offer my objections to the confirmation of the assessment for the paving of Lyons Avenue. Since it is a public improvement and not a private one, I think the greater portion should be thrown on the city at large. We feel \$5.00 a foot is entirely too large a sum to place on abutting property owners as their share. We did not ask for it; it was forced upon us upon the petition of the general public. We feel it is a public improvement and the property owners should not be assessed at the rate of \$5.00 a foot.

Commissioner Raymond: You were only assessed 39% and I think that is a very small assessment.

Mayor Archibald: I feel the assessment is very reasonable. It was an old dirt street and property was practically valueless and now you have a beautiful boulevard.

Commissioner Soffel stated there were only two objectors in the beginning—Mr. Littlefield and Father Timmis, and after we had shown Father Timmis what we were doing for \$5.00 a foot, he was very well satisfied, and the only objector now is Mr. Littlefield.

Mr. Littlefield stated he represented a number of property owners on the street and that they had left to him to enter their objections to the assessment.

Commissioner Raymond: We have to assess something and it seems to me 39% is as low as we can go. I do not see how we can do any better.

Commissioner Raymond offered the following resolutions:

RESOLVED, That the contract between the City and American Insulation Company for repairs to roof of Old Asphalt Plant Building, dated the 28th day of September, 1921, and awarded to American Insulation Company, a copy of which contract is hereto annexed, be and the said contract is hereby approved, and the Director of the Department of Streets and Public Improvements and the City Clerk are authorized and directed to duly execute the same on behalf of the City upon the passage of this resolution.

**DEPARTMENTS OF PARKS AND
PUBLIC PROPERTY,**

Newark, New Jersey.
October 25, 1921.

SUBJECT: Sale of parts of Hayes'
Estate Lands.

(Mantoloking Property)

The Board of Commissioners of
The City of Newark
Addressed.

Gentlemen:—

In pursuance of a resolution passed by this Board, I advertised for sale on October 24, 1921, certain lands and premises situate at Mantoloking, on the Manasquan Beach, in the Township of Brick, Ocean County, New Jersey, and the furniture in the cottage located on said land, known as the "Hayes' Cottage";

FIRST TRACT: Beginning at a point in the easterly line of Ocean Avenue distant 350 feet southerly from the corner formed by the intersection of the southerly line of Ashton Avenue with the said easterly line of Ocean Avenue; and thence running easterly and parallel with the southerly line of Ashton Avenue 250 feet; thence southerly and parallel with the easterly line of Ocean Avenue 100 feet; thence westerly and parallel with the said southerly line of Ashton Avenue 250 feet to the said easterly line of Ocean Avenue; and thence northerly along the easterly line of Ocean Avenue 100 feet to the point or place of beginning.

Said tract being known as lot No. 3 on the map entitled "Map of Montoloking on the Atlantic Ocean and Barnegat Bay, surveyed and laid out by R. C. Bacot, C. E., 1882."

SECOND TRACT: Beginning at the southeasterly corner of the lot or parcel of land now belonging to Caroline D. Hayes and known as lot No. 3 on a map entitled: "Map of Montoloking on the Atlantic Ocean and Barnegat Bay, Township of Brick, Ocean County, State of New Jersey, surveyed and laid out by R. C. Bacot, C. E.," which said map was recorded in the office of the Clerk of the County of Ocean, State of New Jersey, on the 4th Day of May, 1882, in Book 115 of Deeds, page 440; and running thence northerly along the easterly line of said lot No. 3, 100 feet to the southerly line of lot No. 4 on said map; thence at right angles to the first course above described to the exterior line established by the Commissioners appointed under the authority of the act entitled: "An Act to ascertain the rights of the State and of riparian owners in lands lying under

the waters of the Bay of New York and elsewhere in the State," approved April 11, 1864, and the supplements thereto; thence southerly parallel with the first course above described 100 feet; thence westerly at right angles to the first course above described to the point or place of beginning.

The lands above described being subject to certain restrictions set forth in a deed to Caroline D. Hayes recorded in Book 225 of Deeds for Ocean County at pages 291, etc.

The highest bidder for said premises was Charles Day _____ at the price of \$7,000.

I accordingly struck off said property to said purchaser, in accordance with said bid, said sum being the highest and best price which I could receive.

Yours very truly,

Charles P. Gillen

DIRECTOR OF THE DEPARTMENT OF PARKS AND PUBLIC PROPERTY.

Ordered filed.

Commissioner Raymond: — Mr. Mayor, I should like to say a few words to the Commission on a very important matter affecting the City of Newark, and introduce a resolution as a basis for action by the Commission if the Board sustains my view in the matter.

We have entered into a contract with the North Jersey District Water Commission to develop a system of water known as the "Wanaque Development," at a cost, by contract of

Nine Million Dollars. There is no question from the statements made by the Commission, by my Engineers, the Consulting Engineers and by others, that this work will not cost Nine Million Dollars, but from Twelve to Sixteen Million Dollars. Whatever the legal aspect of such a situation is, whether that constitutes a breach of contract which authorizes the City of Newark to break off from its relations with the North Jersey District Water Commission, I am not prepared to say, it is a matter for the Corporation Counsel to decide; also what action he will take for the City on such a line of procedure. But, one thing is sure, the City of Newark is the only party to this contract and the money of the people of Newark is being spent by four Commissioners, one of whom comes from Hudson, one from Passaic, one from Monmouth and one from Montclair, and that this money which the City of Newark is putting up is not being watched or spent by a single representative of Newark. Moreover, the four Commissioners, at a salary of \$3,500 a year each are doing work which could easily be handled in my department for a good deal less money. I am told the administrative expenses of this Commission as years go by will mount up, and that it will amount to two or three hundred thousand dollars. The labor, the unemployed in the City of Newark are not given the first chance of employment on this development. Workmen are drawn from all other sections of the State, and our laboring men appeal in vain to get work there. Appraisals of property are made by residents of Hudson County and the highest fees paid for the appraisals. The Commission has an office building at the Wanaque development and a large suite of office in Clinton Street. All this could be

abandoned and the whole thing could be done by the Bureau of Water by one or two engineers and a few inspectors.

Moreover, if this development is permitted to go forward on the present lines, it is going to make the water from that development so expensive that no one will want it; no one will take it, and Newark will be unable to market the water it has paid for.

We come to this situation: Next Friday the Board of Conservation and Development meets at Trenton. Some years ago they made a grant to the North Jersey District Water Commission for the benefit of Paterson and Newark, I believe, (am I right?) to develop this supply, and that grant stands today as a grant for the benefit of not only Newark, but others as may come in and participate, which Newark for two years has been carrying on entirely. Newark has already put two million dollars in this development. I desire to get from this Board authorization to take such steps as may seem proper looking toward the cutting off from our shoulders of this old man of the sea, the North Jersey District Water Commission; looking toward our having it declared by legislation or otherwise, that the two and a quarter million dollars already put in it is equitably something that belongs to the City of Newark, and the whole development so far as it has gone forward is the property of Newark and the future development be carried on by the City, and that I be permitted to appeal to Conservation Board for a rehearing and to have given to the City of Newark the right to develop that supply, the exclusive right.

I have prepared a resolution which I will ask the clerk to read:

WHEREAS, it now appears that North Jersey District Water Supply Commission will be unable to complete the work provided for under the contract entered into between The City of Newark and said Commission, bearing date October 31, 1918; and,

WHEREAS, in the opinion of the Director of the Department of Streets and Public Improvements it will be very expensive to develop the Wanaque Watershed through North Jersey District Water Supply Commission; and,

WHEREAS, no other municipality has applied to be made a party to said Wanaque development;

THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS of the City of Newark, that the Director of the Department of Streets and Public Improvements be authorized to take such steps as to him may seem proper for the abrogation of the contract above referred to, for the reason, among others, that said North Jersey District Water Supply Commission is unable to carry out said contract for the price therein fixed, and that he be further authorized to apply to the State Board of Conservation and Development for a rehearing upon the application of The City of Newark for a grant to it for the development of said Wanaque watershed for its own use.

Thomas L. Raymond,
A. Archibald,
F. C. Breidenbach,
Charles P. Gillen,
W. J. Brennan.

Commissioner Gillen:—There is no doubt in the minds of anyone as to the necessity of developing this water supply. It seems to me we should be represented. The State is now permitted to exercise control of all public water supplies. We have tried time and again to get representation.

Commissioner Raymond:—Now the situation is such that other municipalities, knowing what Newark has suffered, will not go in with the North Jersey. They will never get any more business. I want to make application to have the grant made to the City to develop this water supply, and I certainly know you gentlemen agree with me we should put up no more money until we have had a showdown.

Commissioner Gillen:—There is one thing about it, in letting the first contract, this Commission, the North Jersey District Water Commission, the Newark contractor was on even terms with the Brooklyn contractors, and if any preference should have been shown, it should have been shown to the Newark contractor. Instead the contract was given to the Brooklyn contractor, although the Newark contractor was on exactly even terms with the Brooklyn contractor, so I will vote for it.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Raymond, Brennan, Gillen, Breidenbach, Mayor Archibald.

Commissioner Raymond: — I would like to say to the Commissioners that the Engineers of the Passaic Valley Sewerage Commission and the Engineers employed by the City of Newark have come to a conclusion and have jointly recommended to the Sewerage Commission that it is best for them to ask for two and one-quarter million dollars to complete the work on the sewer. It may cost that and it may not, but only so much as is needed will be called for, and that the Commission had applied to the War Department for permission to dis-

charge the effluent into Newark Bay, as can be safely done at the outfall of the sewer temporarily, so that the people could get the use of the sewer for the next six months and until the outfall sewer is completed to Robbins Reef.

I shall call a meeting of the Municipalities again so that we can approve of the request for money and plan in general. I think it is very hopeful that we can get the temporary use of this channel next summer and begin the purification of the Passaic River. That is the recommendation of our Engineers and those of the Passaic Valley Sewerage Commissioners.

The following communication was received and read:

Department of Parks and Public

Property
City Hall
Newark, N. J., October 14, 1921.

Subject: Sale of lands at public auction (Central Avenue and Duryee Street).

The Board of Commissioners of
The City of Newark.
Addressed.

Gentlemen:—

In pursuance of a resolution heretofore passed by this Board, I advertised for sale on Friday, October 14th, 1921, certain lands in the City of Newark, Essex County, New Jersey, more particularly described as follows:

BEGINNING at a point in the northerly line of Central Avenue distant 198.05 feet easterly from the northeasterly corner of Central Avenue and Duryee Street (formerly West Monroe Street); thence north $32^{\circ} 3'$ east along line of land of the Gerhard Mennen Chemical Company 42 feet, more or less, to the line of land of the Morris Canal; thence along the same in a southeasterly direction 52 feet, more or less, to a point 50 feet distant measured at right angles to the first mentioned course; thence south $32^{\circ} 3'$ west parallel with the first mentioned course 12 feet, more or less, to the northerly line of Central Avenue thence along the same north $67^{\circ} 46'$ west 50.74 feet to the place of BEGINNING.

The highest bidder for said land was Charles Niebling who bid the sum of \$500 therefor.

I accordingly struck off said property to the purchaser thereof, in accordance with said bid, said sum being the highest and best price which I could receive.

Yours very truly,

Charles P. Gillen,

Director of the Department of Parks and Public Property of the City of Newark.

Ordered filed.

Commissioner Gillen offered the following resolutions:

WHEREAS, by resolution adopted by this Board on July 19, 1921, the Director of the Department of Parks and Public Property of The City of Newark was authorized to sell at public sale to the highest bidder certain lands in the City of Newark, Essex County, New Jersey, described as follows:

American Civic Association
905-907 Union Trust Building

Washington, D. C., Oct. 14, 1921.

Mr. C. P. Gillen,
City Manager,
Newark, New Jersey.

Dear Mr. Gillen:

The American Civic Association is holding its annual meeting in Chicago at the same time the City Managers meet there. We hope you are coming to Chicago and that you will be interested in some of the meetings of the American Civic Association. Particularly, you may care to attend the joint meetings Thursday, November 17, of the National Municipal League, the University of Chicago and the American Civic Association at the University, where housing and zoning will be discussed.

We also invite you to designate three or more representative citizens of Newark to attend these meetings. No modern city can afford to lose touch with the civic progress of other cities. The American Civic Association offers a program especially planned to be of service to the civic leaders in the community.

Hoping to have the pleasure of welcoming you and a representative delegation from Newark at the Chicago meeting, I am

Very truly yours,

Herlean James, Secretary.

Ordered filed.

Treasury Department

Washington, October 19, 1921.

Mr. F. C. Breidenbach, Director,

Department of Revenue & Finance,

City Hall, Newark, N. J.

Dear Sir:

There has been referred to the Treasury for consideration your letter of October 3rd, addressed to George B. Christian, Esq., Secretary to the President, transmitting a copy of a resolution which was handed to the Board of City Commissioners of the City of Newark by the Federation of Improvement Associations, Inc., Newark, New Jersey. I note that the resolution urges that the United States Government recognize all United States World War bonds as legal tender. The Treasury regards this suggestion as absolutely out of the question. It would mean, in substance, that there be added to the currency of the country nearly \$20,000,000,000 face amount of new legal tender, or about four times the outstanding circulation. It is obvious that the result would be untold harm to the country and untold suffering to the people.

Liberty bonds and Victory notes are evidences of indebtedness of the United States, and should be treated as investments, not as spending money. Liberty bonds and Victory notes are not currency and were never intended to circulate as currency. Should legal tender currency be substituted for Liberty bonds or Victory notes, or the outstanding bonds and notes given legal tender qualities, it would result in unprecedented infla-

tion, disrupt business throughout the country, and arbitrarily upset all prices. This would put a much heavier and more unequal burden on the community than does the existing war debt in its present form. Through increased prices and increased cost of living, it would put a heavy tax on the community, which would fall the heaviest on those least able to bear it.

There is no occasion moreover, for any such action. The currency needs of the country are already amply provided for under existing law, particularly through the operation of the Federal Reserve System, and so far as the Treasury is advised there is no currency shortage. The Federal Reserve note has proven itself to be an elastic form of currency, expanding and contracting with the demands of the nations business and no new form of currency is needed. The world in general is not suffering from any shortage of currency or credits. On the contrary, credits have been greatly expanded since the beginning of the war period and there has been widespread inflation of currencies. Several countries of Europe show the disastrous effects of the policy of unlimited currency issues. It is true that in consequence of the destruction and waste of war there is a great shortage of capital, but this shortage can be made good only by the development of productive enterprise and the promotion of saving. It cannot be cured by issues of paper currency by Governments.

Very truly yours,

S. C. Gilbert,

Under Secretary.
